Character Reference

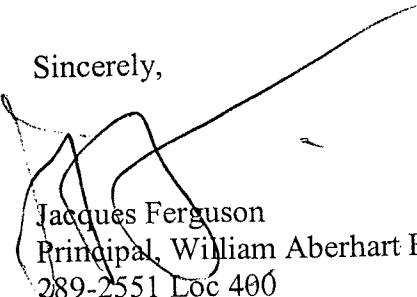

Re: Eliran Penkar

As his Principal, I have known Eliran since I entered William Aberhart High School a year and a half ago. I became well acquainted with him at that time as a student and a person. Eliran is open-minded, inquisitive, and embraces the many possibilities of his personal and educational journey. I am pleased to report that he has been one of those special people that I will remember.

Academically, Eliran maintains better than average standing. He has maintained this level even though he is very busy with a variety of extra curricular and volunteer activities both inside and outside of the school. Eliran just this past year was awarded the sports medicine trainer of the year.

In addition to the above and, I feel, just as importantly, Eliran has proven himself over the past three years to be a caring, concerned and mature member of our school community. Eliran is well liked by his teachers and his peers and in his three years at William Aberhart High School. What has impressed me the most about Eliran is his willingness to contribute to the betterment of himself, and his family and friends.

Sincerely,

  
Jacques Ferguson  
Principal, William Aberhart High
